The Dividend Policy of Migros

As it was submitted to shareholders at the Ordinary General Assembly Meeting on March 23, 2016;

In line with the Company's long-term strategies, investments and financing plans and profitability, the amount of dividend, which determined by the Board of Directors and submitted for the approval of the General Assembly, computed in accordance with the CMB communiqués and regulations, can be distributed in cash or in the form of bonus shares of stock, or some combination of the two, or retain in the Company.

If General Assembly approves dividend distribution; due dates for distribution will be either decided individually by the General Assembly or General Assembly may authorize Boards of Directors. In any case, distribution should start the latest by the end of the fiscal year, in which the General Assembly approves the dividend distribution. Additionally, distribution is complied with all other requirements stated in Capital Market Law and CMB communiqués.

There are no preferred stocks and any individual to take part in the profits other than shareholders in the Company.

This is the Company's policy for the next three years. Any change in this policy will be publicly disclosed.

Process of Tesco Kipa share transfer

As announced in our public disclosure on 10 June 2016, in accordance with our Company's long-term growth strategy, an agreement for the purchase of shares held by Tesco Overseas Investments Limited (the “Seller”) in Tesco Kipa Kitle Pazarlama Ticaret Lojistik ve Gıda Sanayi A.Ş. (“Kipa”) representing approximately 95.50% of the share capital of Kipa was executed among the Seller and our Company on 10 June 2016.

Following the signing of the agreement our Company submitted an application to the Competition Board on 21 June 2016 in order to obtain legal permissions regarding the share transfer. The Competition Authority granted its permission on February 9, 2017.

Following the satisfaction of the conditions for the completion as stated in the share purchase agreement, the share transfer was realized on 01.03.2017.

After deduction of financial liabilities and other adjustments based on of Kipa's the last fiscal year estimated balance sheet, TL 199 million were paid to the Seller for 95,50% of Kipa at the transfer date of the shares.

The total price for these shares had been determined by bilateral negotiations. The calculated value per share is 0.15638 TL.

After completing the share transfer, Kipa's management and control was passed to our Company.

The change of control triggered an obligation for mandatory tender offer (MTO) for minority shares. Our Company applied to the Capital Markets Board on March 7, 2017 to be exempt from the obligation as defined in the first paragraph of Article 18 of the Communiqué No: II-26.1 of the Capital Markets Board.

The decision made by the CMB regarding this application shall be announced to the public in accordance with the provisions of the relevant legislation.

Risk Management and Internal Control Mechanism

In 2015, the Company undertook a new project aimed at reassessing its Corporate Risk Management efforts from a holistic point of view and restructuring the corporate risk processes. Within this context, the Company began obtaining consultancy services from Marsh Sigorta ve Reasürans Brokerliği (*Marsh Insurance and Reinsurance Brokerage*) in order to assess the existing situation in terms of risk management and to manage risk more effectively.

The Corporate Risk Management restructuring process includes the main headings of:

- Defining risk criteria,
- Establishing risk assessment scales (effect and probability),
- Preparing a consolidated risk inventory,
- Development of the action plans required to reduce and/or eliminate such risks,
- Defining the risk management framework that is being targeted, and
- Integrating the determination into the Corporate Risk Management system.

The company's exposure to the fluctuations in foreign exchange rates and interest rates, is mainly due to the foreign exchange denominated loans in its Balance Sheet. Foreign exchange risk from loans and fluctuations in Euribor rates are continuously monitored and limited by hedging derivative instruments. Detailed information has been provided at Note 23, titled Exchange Rate Risk and Foreign Currency Position. of Condensed Consolidated Financial Statements for the Interim Period 1 January – 31 March 2017 of the Company.

Risk management is implemented by each subsidiary within the framework of policies decided by the Board of Directors.

The Early Recognition of Risk Committee, which convenes 6 times a year. coordinates to take precaution against predictable risks that the company might face as a result of its financial structure and reports regularly to the Board of Directors about its practices. As mentioned above, the maturity of the Company's current Euro debt is extended via refinancing and some portion of the debt is converted to Turkish Lira. Thus, the currency risk is limited. Reducing the Company's financial indebtedness is one of the priorities of the senior management.

Risks pertaining to the overall economy such as the increase in unemployment can be listed among the non-financial risks.

The Internal Audit Department conducts its activities in the financial and operational audits it carries out in accordance with the below principles:

- Effective and economical use of the Company's assets,
- Effectiveness of the internal control mechanisms over operations and activities,
- Reliability of the financial statements,
- Verification of the Company's assets,
- Productivity and effectiveness of operations,
- Compliance with procedural documents and administrative instructions that have been approved by the Company's management.

Examining/researching to what degree activities and transactions containing a pre-identified and reported element of risk have been eliminated or brought under control within the framework of suggestions deemed appropriate by the management. and follow up audits in circumstances requiring detailed research and examination are among the fundamental activities of the internal audit department.

Irregular activities discovered during various audit efforts are researched in detail in order to ensure that the necessary precautions can be taken and suggestions are made on how to address the Company loss that has been identified. One of the main focuses of these efforts is the changes that must be implemented in the process to ensure that there is no repeat of similar circumstances.

Within this context, in line with the 2016 risk analysis conducted and annual internal audit plan. the Internal Audit Department has conducted financial and operational audits encompassing various departments and processes. The assessments and suggestions generated at the end of the audits were presented to the Company's senior management together with the audit reports that had been prepared and the points of improvement were highlighted under the philosophy of continual development. In addition to the financial and operational audits conducted by the Internal Audit Department, the Internal Audit Department also completed control inspections of issues that had been identified earlier, reported to the senior management and regarding which an agreement had been reached as to the precautions that would be taken. Similar risk analysis and audits were conducted in the first quarter of 2017.
